AESTHETICS SERVICES

At PVMC we know that looking very good is important. We are pleased to offer cosmetic services in our convenient location. We offer laser hair reduction to allow long term control of unwanted hair as well as non-invasive "Photofacial" treatments to gently improve wrinkling, large pores, skin texture and redness. Also available is intense pulsed light therapy for dark spots on the skin.

HOSPITAL AFFILIATION

We are affiliated with Marina del Rey Hospital. Should you need the care provided by a hospital we will arrange for you to go to Marina del Rey Hospital at 4650 Lincoln Boulevard. Marina del Rey Hospital is an acute care hospital offering a variety of services to the community. Emergency services are available 24/7. The hospital offers medical/surgical services, telemetry and Intensive Care. The Marina Spine Center, staffed by nationally renowned spine surgeons, offers the latest in diagnostics and treatment of back pain. The Center for Surgical Weight Control is an SRC Center of Excellence program for bariatric surgery and offers gastric bypass and LAP-BAND procedures along with life-long support and education. And the hospital specializes in minimally invasive surgery allowing patients to return home sooner and recover faster than with traditional open surgery procedures. Marina del Rey Hospital brings advanced, high tech care to the residents of Playa Vista in the community. For more information call 310-823-8911.
